KANAGAWA INSTITUTE
OF TECHNOLOGY

KAIT TECHNICAL INTERNSHIP 2026

Welcome to KAIT

Kanagawa Institute of Technology (KAIT) was founded in 1963 as Ikutoku College of Technology and was renamed to its current name in 1988.
KAIT consists of three main faculties: Engineering, Information Technology, and Health and Medical Science.

PHILOSOPHY AND OBJECTIVES

1

Through research themes in your assigned laboratories, lectures, laboratory visits, and tours of science and technology facilities, exchange students from our partner universities will have opportunities to learn about information, engineering, and science and technology. In addition, cultural activities and community engagement will help you deepen your understanding of Japanese culture and society.

2

By fostering interaction among faculty members and students of our university and partner institutions, we aim to strengthen mutual trust between the universities. Furthermore, by taking advantage of the fact that this program is conducted with renowned partner universities in each country, we will contribute to the local community through activities such as high school visits, while also promoting the globalization of our university.

3

For KAIT students as well, we actively encourage exchanges with visiting students from partner universities, nurturing the global sensibility and competencies necessary for intercultural communication.

ACADEMIC PERFORMANCE

Individuals who meet the following criteria: a grade evaluation coefficient of 2.30 or higher (out of a maximum of 3.00) for the previous year's performance evaluation at the time of selection at their enrolled university. Please calculate with the calculation formula and let us know your academic score.

RESIDENCE PERMIT AND RETURN TO HOME INSTITUTION

Must be able to obtain a residence permit for participation in the program. Upon completion of the program, students must return to their home university to continue their studies and obtain a degree or graduate from their home institution.

FINANCIAL NEED REQUIREMENT

Must have difficulty participating in the program without financial support due to economic reasons.

★CALCULATION FORMULA★

$$\frac{(\text{NUMBER OF CREDITS WITH EVALUATION POINT } 3\times3)+(\text{NUMBER OF CREDITS WITH EVALUATION POINT } 2\times2)+(\text{NUMBER OF CREDITS WITH EVALUATION POINT } 1\times1)+(\text{NUMBER OF CREDITS WITH EVALUATION POINT } 0\times0)}{\text{TOTAL REGISTERED CREDITS}}$$

*IF THE GRADES FOR THE PREVIOUS YEAR'S COURSES ARE NOT AVAILABLE BY THE TIME OF SELECTION, THE CALCULATION SHOULD BE BASED ON THE GRADES FROM THE PREVIOUS SEMESTER AS A GENERAL RULE.

HOW TO JOIN

- Choose 3 research themes from the list.
- Fill in the application form, prepare for documents: CV, academic transcript, and passport.
